*Denotes Middle School

NOTE: The above per pupil costs for instructional organizations (elementary, middle/junior, and high school) will reflect reality to the extent of the accuracy with which district expenditures were assigned to each level. When comparing costs of one school district with costs of another school district, or when comparing year to year costs within the same district, the K-12 cost is the most reliable figure to use.
Also note, the above high school costs per pupil have been adjusted for vocational-technical students.
